Thursday	11/23	Closed
Friday	11/24	Closed

JANUARY

Monday	1/1/18	Closed
Tuesday	1/2/18	Resume normal clinic hrs

MEET OUR MEDICAL DIRECTOR & FOUNDER: Basil R. Besh, M.D.

Basil R. Besh, M.D., is a Board Certified Orthopaedic Surgeon with over 15 years of experience managing and treating worker's compensation.

Dr. Besh is President of the California Orthopaedic Association and sits on the board for the Western Orthopaedic Association and the American Academy of Orthopaedic Surgeons. He is also Chair of the Ad Hoc Committee on Opioid Best Practices for the Alameda-Contra Costa County Medical Association. Dr. Besh also serves on the California Advisory Committee for the Workers' Compensation Research Institute.

Dr. Besh makes the correct diagnosis and initiates treatment quickly using evidence-based and best practice guidelines. Return to work is targeted immediately and all efforts are made to avoid missed time from work. We appreciate the importance of returning employees to modified or full duty as soon as it is safe.

Excellent communication is maintained with adjusters and employers. As the medical director, Dr. Besh is a member of many medical provider networks and has received letters of commendation for use of evidence-based guidelines from Zenith and Anthem, two large and complex entities.

The world of Workers' Compensation insurance carriers and Medical Provider Networks (MPN's) is complex. We have requested that all insurance carriers list Access Omnicare and categorize us under 'occupational clinic', rather than the physician name but it is a tedious process as all carriers follow different process. Therefore, often we are not listed as Access Omnicare, but rather under one of our doctor's names. As medical director, Dr. Besh is a member of many of the medical provider networks and our participation can be confirmed that way.

A Message from Lori Ruiz, Director of Business Relations

I have had 14 years of supporting clients in occupational medicine and I look forward to developing a strong working relationship with our clients at Access Omnicare.

PARTNERSHIP CORNER

Flu Vaccines

Yes, flu season is upon us yet again. Influenza vaccines are available at Access Omnicare for your employees. Should you be interested in using our clinic for your annual flu shots, please reach out to Yvette Bonnet, yvette@accessomnicare.com so that we can manage our supply.

Appointments and Walk-ins

We encourage scheduling appointments for all services that are non-emergent. This allows us to better managed our appointment schedule resulting in shorter wait times.

Routinely, we will take those employees with an appointment, before walk-in physicals, drug screens or other employer services.

Please call the clinic, 510-585-2545 to schedule your employees appointments.

MPN: Are We In Your Insurance Network?

The world of Workers' Compensation insurance carriers and Medical Provider Networks (MPN's) is complex and difficult to understand for some employers. How do you know whether a specific doctor or facility is included in your network?

We have requested that all insurance carriers list Access OmniCare and categorize us under 'occupational clinic', rather than the physician name but it is a tedious process.

Therefore, often we are not listed as Access Omnicare or under clinics; we are often under one of our doctor's names.

[Let us confirm our participation for you](#)

When you contact us we will provide you with documentation from the carrier that confirms that we are “in network” and that you can confidently use Access OmniCare to treat your injured workers.

Partial List of MPN Participation
