Monday – Friday 8am – 7pm**

**Office: 510-585-2545  
Fax: 510-505-9287**

- **Work-Related Injuries**
- **Occupational Medicine**
- **Urgent Care**

### **What to Do In Case Of an Injury:**

1. Immediately notify designated Manager.
2. Send patient to clinic for treatment.
3. Call clinic to authorize treatment or send employee in with authorization form.
4. If there are any unusual circumstances, please call clinic.

### **Injuries that go straight to Emergency Room instead of Access Omnicare:**

*If you believe this is a medical emergency*

**Call 911 immediately for**

- Unexplained chest pain or pressure
- Difficulty breathing that is worsening
- Facial swelling or difficulty swallowing after an insect bite, new medication, or eating food
- Unexpected trouble speaking / slurring in employee over 45 years old
- Complete amputation of more than just the skin at the tip of the finger
- Loss of consciousness over 3 minutes long
- Any other life-threatening condition

### **After Emergency Room, if work-related:**

1. Call Access Omnicare to schedule follow-up appointment for next business day.
2. Have injured worker bring ER records to appointment at Access Omnicare.
3. Note: Work restrictions from the ER are only in effect until the next available or scheduled visit at Access Omnicare.

### **After Treatment for an Injury:**

1. Medical Provider will call HR/employer to discuss treatment and work ability.
2. Injured worker will leave the clinic with two copies of their Work Status Report.
3. Work Status will be sent to the employer and will be accessible online on our Employer Portal.
4. Questions? *Call Access Omnicare ASAP.*

### **Physicals and/or Drug Screens:**

1. Drug screens accepted on a walk in basis.
2. For large groups (>5) minimize wait time by calling clinic in advance.
3. Picture ID will be required for testing.
4. Results from drug screens and physicals will be sent to employer as soon as possible.
